JOINT ENERGY, WATER & ENVIRONMENTAL SUSTAINABILITY AND TRANSPORTATION & GOODS MOVEMENT COUNCIL MEETING

June 24, 2016
10-11:30am

1. WELCOME & SELF-INTRODUCTIONS

2. KEEPING THE AIR CLEAN AND THE LIGHTS ON THIS SUMMER
   - Wayne Nastri
     Acting Executive Officer, South Coast Air Quality Management District (SCAQMD)
     Mr. Nastri will discuss his new role and priorities for the SCAQMD, and the framework created to help further reduce air pollution and achieve clean air goals.
     Twitter: @SouthCoastAQMD
   
   - Philip M. Fine, Ph.D.
     Deputy Executive Officer, Planning Rule Development & Area Sources, SCAQMD
     SCAQMD is developing a 2016 Air Quality Management Plan that will include specific regulations and programs to attain federal air quality standards. Dr. Fine will discuss the impetus, goals and development process of the plan, and outline opportunities for members to provide input regarding potential emission reduction measures.
     Twitter: @SouthCoastAQMD
   
   - Lisa Alexander
     Vice President of Customer Solutions and Communications, Southern California Gas Company (SoCal Gas)
     An energy conservation campaign is underway to lower the risk of rotating power outages as a result of the Aliso Canyon gas leak. Ms. Alexander will discuss mitigation efforts and how you can help conserve energy this summer.

3. ANNOUNCEMENTS

Next Meetings
Transportation & Goods Movement Council - July 12, 2016 **NOTE SPECIAL DATE**
Energy, Water & Environmental Sustainability Council - July 15, 2016
Lisa Alexander
VP of Customer Solutions and Communications
Southern California Gas Company, a Sempra Energy utility

Lisa Alexander is Vice President of Customer Solutions and Communications for SoCalGas where she is responsible for developing new markets, driving clean technologies for commercial, industrial and residential customers, and bringing information, products and services that meet customers' energy needs and support state environmental and social policy objectives. Her current focus includes renewable natural gas, near zero emissions transportation, and energy efficiency and conservation. Previously, Lisa was a partner in a boutique consulting firm that focused on smart grid technologies and behavioral economics for energy conservation, and also held strategic marketing positions for E*TRADE, Ticketmaster and Omnicom companies. She began her career as a management consultant with Accenture
Philip M. Fine, Ph.D.
Deputy Executive Officer, Planning, Rule Development & Area Sources
South Coast Air Quality Management District

Dr. Philip Fine is the Deputy Executive Officer for the Planning, Rule Development & Area Sources Division at the South Coast Air Quality Management District. In this role, Dr. Fine oversees all activities of the Division, including development of State Implementation Plans and the Air Quality Management Plan, strategies and rules for air pollution control, meteorology and forecasting, air quality evaluation, air toxics risk assessment, emissions inventories, transportation programs, and enforcement for area sources. Dr. Fine serves as SCAQMD’s member for the California Air Resources Board legislatively mandated Research Screening Committee. Prior to his recent positions, Dr. Fine’s responsibilities at SCAQMD included oversight of ambient air monitoring, laboratory services, quality assurance, and source testing.

Prior to joining the SCAQMD, Dr. Fine was a Research Assistant Professor at the University of Southern California, Los Angeles where he taught courses and conducted extensive research on particulate pollution and its health effects, resulting in over 45 peer-reviewed scientific publications. He received his Ph.D. from California Institute of Technology in Environmental Engineering Science, and his bachelor’s degree in Mechanical Engineering and Materials Science & Engineering from the University of California, Berkeley.
Wayne Nastri
Acting Executive Officer
South Coast Air Quality Management District

Wayne Nastri was unanimously appointed by the SCAQMD Governing Board as Acting Executive Officer in April 2016. Previously in his career, he served from Oct. 2001 through Jan. 2009 as U.S. EPA's Regional Administrator for Region 9 – Southwest Region, which has jurisdiction over California, Arizona, Nevada, Hawaii and the Pacific Islands. In that position, he was responsible for policy development and operations, exercising management oversight for nearly 1,000 employees and an annual budget exceeding $700 million. He worked closely with the public, industry, and all levels of government in a wide variety of voluntary pollution prevention programs and energy conservation efforts, including development of diesel emission reduction efforts through development and implementation of the West Coast Diesel Collaborative, in which SCAQMD actively participates. Mr. Nastri also focused Region 9 efforts on development of strategies to address emissions associated with ocean-going vessels and marine ports.

Before his federal position, he served as Governor's Appointee on the South Coast AQMD Governing Board from Aug. 1997 to Aug. 1998.

Earlier in his career, Mr. Nastri served on the site mitigation external advisory committee for Cal/EPA’s Department of Toxic Substances Control (DTSC), the zero-emission vehicle implementation advisory committee for the California Air Resources Board, and the site manager's advisory committee for the Office of Environmental Health Hazard Assessment (OEHHA). He also served as the Legislative Director for the California Environmental Business Council.

In his earlier private sector experience, Mr. Nastri served as co-president of E4 Strategic Solutions, Inc., a consulting firm focused on negotiating mutually effective solutions for complex environmental & energy issues faced by regulatory authorities, elected officials, and executive management at local, state and federal levels. Earlier employments also include: Senior Vice President and Co-Chair of the Energy & Environment Practice of mCapitol Management; Sr. Vice-President of Dutko Worldwide; President of Environmental Mediation, Inc.; and Vice President, Environmental Affairs of the Jefferson Group in Washington D.C.

Mr. Nastri holds a bachelor's degree in Biochemistry from the University of California, Irvine.
