USTR Revises $7.5 Billion Award Implementation Against EU in Airbus Case

02/14/2020

Washington, DC – Under President’s Trump leadership, the United States won the largest award in WTO history on October 2, 2019 when it was authorized to take countermeasures on $7.5 billion in goods after a victory in its unfair trade practices case against the European Union, France, Germany, Spain, and the United Kingdom. Pursuant to U.S. statute, the United States Trade Representative is now issuing a Notice in the Federal Register making adjustments to its WTO-authorized retaliation action, which was implemented on October 18, 2019. The United States is committed to strengthening the multilateral trading system and ensuring it works for all.
