CURRENT PROBLEMS

Making Up for Shortcomings
Current Problems

- Same basic set of Zoning Classifications maintained since Post-War Era
- Scattered language results in vague, contradicting, and unnecessarily complicated regulations
- Relies heavily on Entitlements, Site-Specific Conditions, and Overlays
- Does not always promote good urban design
Code Interpretations & Memos

- Thousands of Zoning Code Interpretations
- Countless Memos
- These make up the “Phantom” Code
## Over 70 Different Entitlements
